

Full unedited gel for Figure 1A

Jess automated Western blot system (Protein Simple) is an automated digital Western blot technology that uses a capillary immunoassay system for protein quantification

Yellow arrow = band quantified

Anti-CBS (D8F2P) Rabbit mAb (Cell Signaling Technologies #14782)
Concentration: 1:25

Full unedited gel for Figure 1B

Jess automated Western blot system
(Protein Simple) is an automated
digital Western blot technology that
uses a capillary immunoassay system
for protein quantification

Anti-Cystathionase/CTH rabbit pAb
antibody (Abcam, ab136604)
Concentration: 1:50

Yellow arrow = band quantified
