Supplemental Figure 1:

Figure S1. Percent of students in top quintile medical schools matching to top 10%ile residencies, by training program and year. Mean and standard deviation shown. Each dot is a school's average of student matches.

Supplemental Figure 2:

NIH funding (100-percentile) of residency matches of students at each medical school

NIH funding (100-percentile) of residency matches of students at each medical school

NIH funding (100-percentile) of residency matches of students at each medical school

NIH funding (100-percentile) of residency matches of students at each medical school

Figure S2. Average match (over 2021-3) of students by training group at top-quintile and mid-quintile schools. Percentile of matched residency calculated by NIH support of matched clinical specialty at institution/year as in text. Mean and Standard deviation shown.

Supplemental Methods

Generation of graphical abstract

We used Google Gemini AI under the Google Workspace for Education Fundamentals license tier to draw the graphical abstract for this article. Accordingly, input into the AI remains private and is not used for model training. The following prompt was used for Google Gemini AI: Please draw a picture. Have a horizontal bar divided into 3 sections: low, mid, and high. The bar should be labeled on the side: NIH funding of matched residency department. Above the bar should be a label: Top-level NIH funded medical schools. Between that label and the bar should be 2 icons: MSTP graduates and MD-only graduates. Icons should be gender and race neutral. Single arrow should go between the MSTP icon and the "high" portion of the bar below. No other arrow should go from that icon above the bar. Arrow should go between MD-only only to the "mid" portion of the bar below. No other arrow should go from that icon above the bar. Arrange so that arrows do not cross. In diagram, MD-only graduates should be on the left and MSTP graduates should be on the right. Below the bar labeled NIH funding of matched residency department there should be another label Mid-level NIH funded medical schools. Right above that label there should be 3 icons labeled MD-only graduates, MDPHD (non NIH-programs), and MSTP graduates (NIH programs). Icons should be gender and race neutral. Arrow should go between this MSTP icon and the "mid" portion of the residency bar above. Single arrow should go between the MD-only icon and the "low" portion of the residency bar above. Single arrow should go between this MDPHD icon and the "mid" portion of the residency bar above. Single arrow should go between the MSTP icon and the "mid" portion. Arrows should not cross: MD-only graduates should be on the left, MDPHD graduates should be in the middle and MSTP graduates should be on the right. The "Top level NIH funded medical school" and "Mid-level NIH-funded medical schools" bars should be the same color such that the text stands out. The middle (NIH funding of matched residency department) bar should be a different color with text standing out. The overall title should be in bold **"Residency matches by training program, 10668 medical students"** and centered over the bars below. There should be space between the title and the bars. Make extra space between the text box at bottom and the bars. The "Top-level NIH funded medical schools" and "Mid-level NIH funded medical schools" bars should have the same font color and background. There should be no overall fill.

At the very bottom, have a text box with a square around it that reads: Both in total and within schools, MSTP and MDPHD applicants matched to higher NIH-funded residency departments than MD-only applicants, 2021-2023. This text box should be justified on the left with the title. All 3 bars should be centered and boxed. After this is drawn, put a label outside of the diagram to the left of the middle bar that reads "NIH funding of matched residency department. The middle bar should remain centered between the other 2 bars and this label should be separate on the left side of the middle bar. Justify on the left the text box in the middle and the "NIH funding of matched residency department" to match the left edge of the title.
